

JUSTICE Begins With JUST US!

Saturday, September 30

Trinity-St. Andrews, Brighton

9:30 - 3:30

Save the Date!

*We all must be
the change
we hope to see*

With the current political climate, there are more people looking for ways to DO SOMETHING! If this describes you, please join us for an energizing day.

In the morning, we will hear from 3 speakers, on the topics of Peace in Palestine, Water, and Reconciliation. (topics may change)

After lunch, we will divide into 3 groups. With the group leader from the morning we will discuss ways to turn concerns and passion into action.

We will briefly share these actions, and everyone will get a printout, email, or USB containing information from the presenters and actions planned that day. Now you are equipped to DO SOMETHING on your own, with some friends, with a church group.

Come be part of the change you hope to see. (*Registration form now available*)
